

**PRODUCT SPECIFICATIONS**

**VERICOM<sup>®</sup> MODULAR PLUG CRIMPING TOOL**

These modular crimping tools were designed for the professional installer providing a high-leverage, ultra stable platform for consistent, repeatable terminations. This heavy-duty modular crimping tool is the perfect solution when working with high performance, larger OD cables that are tougher to terminate due to larger wire gauges, thicker, harder insulation on the conductors, and pair-separating splines.

**AT-A-GLANCE**

<b>DESCRIPTION</b>	Modular Plug Crimping Tool
<b>APPLICATION</b>	Preps and terminates phone wire for modular connectors
<b>COLOR</b>	Varies on stock <i>(Ask your representative)</i>
<b>QUANTITY</b>	Individually Sold
<b>ITEM #</b>	WTRJC-03632

**FEATURES & BENEFITS**

- All steel frame with rust resistant black oxide finish
- Rugged PVC handles
- Consistent, repeatable terminations
