

Cable Clip with Nail

Features & Benefits

- Secures RG6 or CAT6 cable runs to flat surfaces such as wood, mortar or concrete, for enhanced stability
- Suitable for indoor or outdoor applications
- Cable Clip composed of UV rated PE material for outdoor environment longevity
- Nail composed of zinc plated steel
- Quick and easy installation
- Available as single or dual configuration in either black or white
- Packaged in Bags of 100

Applications

Our cable clips with masonry nails are ideal for securing RG6 or CAT6 cabling outdoors, to wood, mortar or concrete. These cable clips are commonly used in residential or commercial environments to mount and manage RG6 and CAT6 cabling / wiring run between components.

Description / Specifications

These UV rated cable clips enable your installation to maintain a professional and tidy appearance, safeguard against tripping hazards, and provide an inexpensive solution for avoiding cable strain while preserving signal clarity.

Standards Compliance

- UV Rated
- RoHS Compliant
