

Vertical Finger Cable Management Panel

Description

Vertical Finger Management Panels add a single column of plastic cable management fingers to any VC5 equipment mounting rail, providing a convenient system for organizing and lashing cable bundles. Available in 42U, 45U, and 48U size options.

- Compatible with both 24" (600mm) and 31.5" (800mm) wide VC5 cabinets
- Includes 2 panels that can be installed on the top or bottom half of a mounting rail
- Installation hardware included
